

For immediate release.

As of July 20, 2019 Charles Anderson is no longer part of the IRCHA organization. Charles submitted his resignation for personal reasons. We wish him well, appreciate his many years of dedication and we're very thankful for his service.

The remaining board members will continue to honor our responsibilities to the organization and its members. In an attempt to serve the organization and to prevent interruption of services, the four remaining board members will be identified as "board members" with no titles at this time. The board will continue to fulfill its duties to the organization by assigning duties as each need arises according to each board member's best abilities as best fitted to each need.

We ask all of our valued members, as well as market partners, to please have patience with this team. We are currently working through many details for the jamboree as well as ongoing challenges that will require many more hours of effort well outside of the jamboree environment. Our goals include, at the very top, to communicate with our members, via www.ircha.org, of our process to offer information as it pertains to our progress.

Finally, for anyone attending, competing or vending at the 2019 IRCHA jamboree, we are dedicated to making your experience the very best possible. While it is the IRCHA Board's decision to not engage in any additional detail discussions (primarily due to the fluid nature of this process) at this time, we are all eager do what we can to maximize your experience and feel free to reach out to any of us at any time.

IRCHA Board of Directors.
