

Dear Event Sponsor and Exhibitors,

The IRCHA Board of Directors would like to thank each of you for helping make the IRCHA Jamboree a successful event in the past. The level of participation continues to exceed our expectations and now it is time to prepare for another exciting event. We would like to announce the 2022 IRCHA Jamboree will be held on **August 10th -August 14th** at the AMA headquarters in Muncie, IN.

PLEASE FAMILURIZE YOURSELF WITH THE JAMBOREE CONTRACT AS IT HAS CHANGED FROM PREVIOUS YEARS.

Application forms and full payment are due by May 1, 2022.

In our efforts to provide you with the opportunity to showcase your products, the IRCHA Jamboree offers many different levels of sponsorship. Event sponsors may choose Silver, Gold or Platinum sponsorships, and may also choose to sponsor the 2022 World Night Fly Championship, 2022 IRCHA Speed Cup, or the IRCHA Grand Prize. It is our goal, as always, to provide you with every opportunity to maximize your marketing opportunity in the helicopter and multi-rotor market.

An opportunity for 2022 will allow sponsors (limited number and limited to first come first serve) to utilize one (or more) of our shuttle van services for marketing purposes throughout the jamboree. The shuttle will be labeled (via magnetic sign - need artwork) on the outside as well as having any and all literature or special announcements available inside the shuttle for people to see. To give you an idea of the additional marketing attention, in the past we estimate over 400 rides per day.

With respect to the generous manufactures and dealers that have provided "grand prize" products in the past, we want to clear up a few items:

- 1) IRCHA has, and will continue, to offer all vendors the chance to provide all or part of our grand prize(s). This prize (or prizes) has the benefit of having the logo of the model or models on the commemorative IRCHA shirt for the year of the event. IRCHA prints over 1,000 shirts to help market the companies that provide the grand prize.

2) The grand prize(s) have traditionally been included as "part of the value" of the product donation. If a combined grand prize is provided (i.e.: a helicopter manufacturer and a radio manufacturer), only one "G.P." sponsorship value is required.

As we believe in long-term relationships with our event sponsors, please note we consider previous year's sponsors the first right of refusal for the following year's event up to the 2022 deadline. If you are interested in becoming an event sponsor, please let us know in advance so that we may put you on our list in the event a sponsorship slot becomes available. As flight demo times are limited, sponsorship flight times are granted to airframe manufacturers first, as we feel they should receive the first opportunity to market their new products. We realize each of you wishes to showcase your flight team and ask you to understand our decision-making process concerning flight time scheduling. Flight time slots (please choose your appropriate form) will be at the discretion of the organizers and we will do our very best to accommodate one of your requests.

NOTE: Final flight time schedules will be issued no later than the Monday prior to the event. It will be the responsibility of the vendor to completely fulfill the agreed upon times.

This is your opportunity to show the world your best pilots and your best products, so join us in Muncie, IN for the 2022 IRCHA Jamboree.
